## ULTRASOUND EXAM PREPARATION INSTRUCTIONS FOR ADULTS

(Preparation instructions for CHILDREN should be obtained from a scheduler)

Please follow these instructions to ensure a successful ultrasound exam.

**ABDOMEN** (Aorta, Bile Ducts, Gallbladder, Liver, Pancreas, Spleen) **Allow 1 hour**

- The night before your exam follow a low fat diet and avoid gas producing foods.
- The day before your exam, drink a minimum of 4 glasses of water (not all at once).
- Do NOT eat, drink, chew gum or smoke for at least **8 hours** prior to your exam time. You will be fasting until your exam is completed. **A small amount of water for medications is OK at any time.**

**KIDNEY** (Renal) **Allow 1 hour**

- One hour before the exam drink 12 ounces of water.
- Do not empty your bladder after drinking the water.

**OBSTETRICAL Allow 1 hour\***

- Patients in the first half (up to 24 weeks) of pregnancy:
  1. Finish drinking 16 ounces of water 45 minutes before your appointment.
  2. Do not empty your bladder after drinking the water. A full bladder is important.
- Patients in the last half (24-40+ weeks) of pregnancy:
  1. 45 minutes before your appointment drink 8 ounces of water.
  2. Do not empty your bladder after drinking the water. A full bladder is helpful.

*\* If at anytime you feel too much pain or unable to hold your bladder please see the front desk for instructions.*

**PELVIS Allow 1 hour\***

- Finish drinking 16 ounces of water 45 minutes before your appointment. Avoid caffeine, coffee, tea and soda.
- Do not empty your bladder after drinking the water. A full bladder is important.
- It is best to schedule your appointment within six days following your menstrual period.
- It is not necessary to be fasting for a pelvic ultrasound procedure.
- An internal vaginal scan may be required to complete a pelvic ultrasound procedure.

*\* If at anytime you feel too much pain or unable to hold your bladder please see the front desk for instructions.*

**VISITORS:** Please limit the number of visitors, as it may interfere with the exam.

**PATIENTS WITH CHILDREN PRESENT:** Children must be supervised by an adult, other than the patient.  
The exam will be rescheduled if children are unsupervised.

**MEDICATIONS:** Take regular medications as prescribed.

**NO** video recording or photography is permitted, black and white keepsake pictures will be given for obstetrical exams.
